HERE'S OAKLAND'S ROLL OF HONOR

ORGANIZATIONS ALL OVER CITY FALL IN LINE FOR REFORMS

Law and Order League Calls Meeting to Take Up Matter of Reducing Number of Saloons

FIRST steps toward permanent organization will be taken tonight by the Central Law and Order Committee, when this organization at the Y. M. C. A. building, will adopt a constitution, name committees and arrange for the election of officers. The committee will, it is declared by the leaders, probably confine itself to the saloon question alone, working for the reduction at once of Oakland's saloons to 200 and for the closing of the disreputable cafes. It is planned to secure the services of a permanent secretary who shall devote all of his time to watching legislation and seeing that the laws of the city in regard to saloons are enforced.

The meeting tonight will be called promptly at 8 o'clock, with Frank Parcells in the chair. Two delegates from every church organization, civic organization, and women's club in the city have been invited to the session. A full list of the delegates officially credited will be made up tonight when the meeting is called to order.

A committee on bylaws and constitution will be appointed, and the definite aims of the association outlined. So far the sentiment has been to handle nothing but the saloon matter, that the strength of the organization may not be scattered.

W. C. Barnard, A. H. Elliot, Frank Parcells, Lewis Gear, Miss Grace Fisher, Mrs. Cora E. Jones and several others who are taking a keen interest in the formation of the new organization are expected to make suggestions tonight.

The purpose of the committee and its probable mode of working was suggested last week, when the organization was tentatively formed. The meeting tonight will deal solely with the details.

Everything in Readiness for Women's Mass Meeting Called by Civic Center

Everything is now in readiness for the women's mass meeting called for tomorrow afternoon by the Civic Center, one of the largest and most important of the women's organizations on this side of the bay.

The meeting is called for the purpose of endorsing the stand taken by the OAKLAND TRIBUNE in its effort to limit the number of saloons in Oakland, and it is also called to endorse the Enquirer's position on the saloon question. The Civic Center in its movement for the mass meeting tomorrow afternoon has the co-operation of the mothers' clubs of Oakland, and of the Child's Welfare League.

Mrs. Cora E. Jones, President of the Civic Center, will preside at the meeting, and the president and directorate of the club announce the following speakers:

Mr. D. S. Gandier, secretary of the Anti-Saloon League; Mr. W. C. Barnard, president of the Child's Welfare League; Miss Beadie Wood, Miss Beatrice McLean, and Mrs. Christopher Jones will relate many of their experiences in the prosecution of their duties, giving special attention to the evils of the cafe life as seen in this city.

Mr. Frederick Turner, Commissioner of Public Health, will be present to explain the new ordinance which is proposed to regulate saloons in the future in Oakland.

An invitation is extended to all women in the city to be present, as this woman's mass meeting is one of the most important meetings ever planned by the women of the city. The meeting will be called to order by Mrs. Cora Jones, president of the Civic Center Club, at half past two, and it will be held in the rooms of the Chamber of Commerce at Thirteenth and Harrison streets.

Men's League of Congregational Church Wants Number of Saloons Reduced

Resolutions by the Men's League, Fourth Congregational Church: Whereas, It has been charged and substantiated that certain saloons and cafes in Oakland are violating the law by selling liquor to minors, and

Whereas, The charge is made that the "box ordinance" for restaurants and saloons is being violated, therefore be it

Resolved, That we request and do hereby demand that the city Commissioners investigate said charges, and if found true, immediately revoke the licenses of such saloons, restaurants and cafes.

Resolved, That we request the Chief of Police to enforce forthwith the "Box Ordinance" in restaurants, saloons and cafes.

Resolved, That we endorse the request made by the Law and Order Committee to print the report of the Public Welfare Commission in pamphlet form, as it was submitted to the mayor, June 19, 1913, and that one thousand copies of same be made.

Resolved, That we heartily commend THE OAKLAND TRIBUNE for its stand in the matter of reducing the number of saloons from 397 to 200 in the City of Oakland.

Resolved, That we endorse the demand made by the Oakland Engineer for the revocation of the licenses of certain restaurants and cafes alleged to have sold liquor to a minor girl of the age of 15 years.

Resolved, That a copy of these resolutions be sent to the OAKLAND TRIBUNE, The Enquirer, the City Council and the Chief of Police of the City of Oakland.

W. C. McLAURE,
A. J. KENNEDY,
Committee.

The league sent THE TRIBUNE the following letter:

EDITOR TRIBUNE: Dear Sir: The Men's League of the Fourth Congregational Church wishes to congratulate you on the stand you have taken in the "saloon" of Oakland.

We want you to know that you have our hearty support and co-operation in this matter. Yours truly,

Men's League Fourth Congregational Church,

ESTIMATED TAX RATE \$1.80

Increase of Five Cents Over Last Year Is Forrest's Report.

Heavy Cuts Made in Several Departments by Commissioner.

Total expenditure of \$3,090,557.03 and a tax rate in the old city of \$1.80, or an increase of five cents over the tax rate of last year, is indicated for the fiscal year 1913-1914 by the report of Commissioner of Finance and Revenue John Forrest, filed with the city council this morning. The estimate is based upon the departmental estimates filed with Forrest about two weeks ago, and is the result of a careful pruning of these estimates. Heavy cuts were made in the street, police and fire department estimates. The report was prepared by Commissioner Forrest, City Auditor Gross and City Treasurer Edwin Meese.

The tax rate is based upon the assessed valuation of property in the city, together with revenue from other sources than taxes, and upon the funds necessary to pay the city for the fiscal year. This includes funds for ordinary maintenance, for betterments and for bond interest and redemption.

REASON FOR INCREASE. The passage of the recent bonds at a higher rate of interest and increases in the expense of running the city account for the increase in the proposed tax rate. Bond interest and redemption will necessitate the appropriation of \$735,602 for the fiscal year, \$17,150 of this sum being for the "Mott bonds" (city hall and renaissance of school and auditorium bonds).

The budget as prepared by Forrest, Gross and Meese was filed with the city council this morning and was referred to the committee of the whole. Eacous and Turner were distressed at the cuts in their estimates and Mayor McLean was distressed at the increase of five cents on the \$100 assessed property value necessitated by the budget as it stands. The commissioners will attempt to make further cuts, if possible, but it is anticipated that the tax rate will not go below \$1.80.

AFFECTS NEW RATE. The rate of \$1.80 affects the old city and the annexes of 1891 and 1897. The rate for the annex of 1909 will be \$1.55. If the city is forced by the action of

'SUFFRAGE MERELY BEAUTIFUL DREAM'

Senator Tillman Says Votes for Women Won't Purify.

WASHINGTON, Aug. 18.—Senator Tillman, showing some of the old-time vigor that won him the sobriquet of "Pitchfork Ben," pitched into woman suffrage in a Senate speech today. "It is a beautiful dream," said he, "that female suffrage will purify politics. The only important thing for us to consider is the effect on women themselves. We had better endure the evils of corruption in politics and debauchery in our government rather than bring about a condition which will mar the beauty and dim the luster of the glorious womanhood to which we have been accustomed all our lives. "We can better afford to have

NEWPORT, R. I., Aug. 18.—Burglars who entered the Harman jewelry store here some time after the place was closed Saturday night obtained jewels and silverware valued at about \$10,000, but were frightened away when additional booty worth \$1,000,000 was theirs for the taking. The burglars picked the lock on the front door and forced the lock on four show cases, which were arranged in the form of a horseshoe. The robbery was discovered when the store was opened today. An inventory showed that the

Escaped 'Lunatic' Writes His Mother of Future Plans.

Identity of Mysterious Yacht Made Known by Owner.

THAW'S BRIEF LETTER.

"All well. Shall take a rest before going to Elmhurst, as I might be asked for interviews and do not wish to refuse, yet do not care to make any statements. Hope M. and G. (Mr. and Mrs. George Lander Carnegie) arrived safe and that you will go home together. "Have sent a short note to the Journal." (Signed) "H. K. T."

NEW YORK, Aug. 18.—Mrs. Mary Greeley Thaw received about noon today a letter from her son, Henry R. Thaw, who escaped from Matteawan asylum for the criminal insane early yesterday. Thaw said he planned to "take a rest" before going to the Thaw country place, Elmhurst, at Croton, Pa.

The yacht seen off South Norwalk, Connecticut, yesterday was identified today as the Kathmar II, the property of Robert T. Fowler, a New York carpet dealer. Fowler said that Thaw had passed Norwalk in the craft about the time reported yesterday, but he was amused and amazed to know that this incident had been connected in any way with Thaw's escape.

The letter was postmarked "New York, Aug. 17, 12 p. m., station O" and was on a long slip of paper was Thaw's communication, written in pencil. It ran as follows:

"All well. Shall take a rest before going to Elmhurst, as I might be asked for interviews and do not wish to refuse, yet do not care to make any statements. Hope M. and G. (Mr. and Mrs. George Lander Carnegie) arrived safe and that you will go home together. "Have sent a short note to the Journal." (Signed) "H. K. T."

The fugitive had apparently intended sending foregoing by telegraph as a night letter, for it was so marked. He changed his mind, however, and

DIRECTORS OF FUEL COMPANY IN COURT

Answer Order to Show Cause in Contempt Proceedings.

SAN FRANCISCO, Aug. 17.—Sydney V. Smith, a director of the Western Fuel company, and D. C. Norcroft, the secretary, appeared before United States Judge Dooling this morning to answer to an order to show cause in contempt proceedings directing against the latter for failing to bring all of the books of the corporation before the grand jury as directed. The officials of the Western Fuel company are charged with a conspiracy to defraud the government out of \$30,000 and the indictments cover a period from August, 1904, to June, 1913. The date for the trial has been set down for August 26.

Attorney Stanley Moore, appearing for Norcroft, filed an answering affidavit in which the defendant sets forth that it would require two express wagons to take the books before the grand jury and mean a cessation of the business. He declared that the demand was unreasonable and that the books were desired to strengthen the prosecution's case. He maintained that all of the evidence had been maintained before the three subsequent indictments had been obtained. It was also alleged that the books were not to be used before the grand jury, but for the aid of Special Agent Kidwell of the custom house.

Special Prosecutor Matt Sullivan and Theodore Roche appeared for the government and argued in support of the order.

SMITH BANKRUPTCY SUIT MUST PROCEED

Hanford's Option Not a Dismissal of Court Proceedings.

SAN FRANCISCO, Aug. 18.—The granting of an option to R. G. Hanford, of all the holdings of F. M. Smith in the United Properties Company, which practically means control of the corporation and its subsidiary concerns, will not result in the dismissal of the bankruptcy proceedings against the Oakland millionaire, according to Attorney Gavin McNab, chief counsel and director of the United Properties Company. It was admitted Hanford who inspired the filing of a petition to declare Smith a bankrupt and as a result of Saturday's deal, considered one of the largest financial transactions in recent commercial history. It was thought that no further attempt would be made to take the case into the federal court. When McNab was asked about the matter he stated that it would make no difference and would absolutely not affect the bankruptcy suit in any way. Hanford is a busy man as the result of obtaining his option and yesterday he has been seen going west to Eastern connections and to England. He was asked whether he would disclose the names of his financial backers in the transaction but declined to do so.

PREFERS NOT TO TALK. "I prefer not to talk until I have the money in my hands," was his explanation. "I had it before, you remember, and I expect to have it again."

FLING AT FRATS MARKS U.C. OPENING

Acting President Voices Warning to Entrants at Campus Meeting.

UNIVERSITY OF CALIFORNIA, AUG. 18.—Formally opening the University for the new semester at a crowded University meeting this morning, Dr. David C. Barrows, acting president, took a severe fling at a number of fraternities on the campus. "In the course of his address," he said, "the fraternities and societies on this campus are for the most part sound and helpful factors in our life. I wish I could say this of all, but I cannot. There are certain fraternities in this community which, if their national organization were properly sensitive to their reputation, would today have their chapter suppressed. This may seem a very severe thing to say, but it is no more severe than you, who are inexperienced entrants into our community, are entitled to have said. "Some of you have been preceded by relatives and friends whose experience has already made you wise as to the relative standing and desirability of fraternity connection, and in your case an

STEAMSHIP 'STATE' IS WRECK

Wife and Daughter of Assistant P. C. Manager Lost.

SEATTLE, Aug. 18.—Twenty-five lives were lost in the wreck of the steamship State of California in Gambier Bay, Alaska.

The survivors of the wreck were picked up by the steamer Jefferson. Some persons were so severely injured that it was necessary to send them to a hospital at Juneau. The others are being brought to Seattle on the Jefferson.

The State of California was valued at about \$400,000. On account of her long service between Puget Sound and San Francisco in the passenger trade, she was one of the best known vessels on the coast.

Ten passengers are in a Juneau hospital suffering from exposure.

The vessel was commanded by Captain T. H. Cann, who was commander of the steamer Valencia, when she was lost at Cape Beals B. C., Jan. 22, 1906 with 117 lives.

The time of the wreck was 8:30 Sunday morning. The steamship sailed from Seattle last Wednesday night. She struck an uncharted rock. Among the known passengers dead are:

MRS. NELLIE B. WARD, Seattle, wife of Edward C. Ward, assistant manager Pacific Coast Steamship Co. MISS LILLIAN B. WARD, daughter of Edward C. Ward. JOHN VERDERLASS, MISS JOHN VERDERLASS, MISS RISSON. Members of the crew dead: FOURTH OFFICER I. ANDERSON, WIRELESS OPERATOR D. C. PERKINS. DECK OFFICER N. LAWSON, DECK OFFICER L. MEZZENT, WALTER P. SMITH, WALTER J. CLARK, WALTER E. RABGER. Following is a list of the passengers who were saved: L. Ferris, W. H. Daniel, Albert G. Gilling, Mrs. E. M. Cardiff, P. Neacy, Mrs. J. F. Pugh, Mrs. J. F. Pugh, G. C. Dickson, Miss E. Mull, Mrs. B. V. Drake, A. F. Winnedge, F. Russell, O. P. Opsahl, V. A. Nelson, S. D. Grant, J. F. Dickson, D. R. O'Neill, F. Brown, S. J. Robertson, D. N. Wesscott, C. ORGANIZED EFFORT IS MADE FOR CLEANER CITY

Movement Joined by Organizations, Churches and Individuals, Who Favor Fewer Saloons and Higher Liquor Licenses

(Continued From Page 1)

Against certain saloons and cafes in Oakland of selling liquor to a minor and of charging more than the legal price for liquor.

Whereas, Certain male persons are charged with contributing to the delinquency of said minor by purchasing liquor for such minor, and

Whereas, It is charged the restaurant and box ordinance is being violated by the same saloons and cafes, therefore be it

Resolved, That we demand that the City Council of Oakland make an immediate investigation of such charges and if found true to forthwith revoke liquor license of the following saloons and cafes:

The Avenue, 555 Sixteenth street.
Tod & Red's, 421 Tenth street.
The Savoy, Ninth and Broadway.
Kessler's, Eleventh street, between Broadway and Washington.
Resolved, That we demand that the Chief of Police proceed immediately to enforce the box ordinance in restaurants and cafes.
Resolved, That the District Attorney be requested to prosecute the parties charged with contributing to the delinquency of Helen Sargeant.
Resolved, That a law and order committee, consisting of two delegates from each city and county organization interested, be formed for the purpose of watching legislation and taking necessary steps to see that the laws of the city are enforced.
Resolved, That from this date we will wage an aggressive campaign, through the press, the pulpit, by public mass meeting and by the recall, if necessary, against any public official who fails to enforce the law against violators of those ordinances designed to protect the character of minors.
Resolved, That the City Council of Oakland be requested to print in pamphlet form without further delay one thousand copies of the report of the Public Welfare Commission, which report was submitted to the Mayor June 19, 1912.
Resolved, That this meeting endorse the movement supported by THE OAKLAND TRIBUNE to reduce the number of saloons in Oakland from 397 to 200, said reduction from 397 to 200 licenses to be consummated within months.
Resolved, That this meeting endorse the stand of the Oakland Enquirer demanding the revocation of the license of those saloons and cafes charged by the prohibition office to have sold liquor to a minor girl of the age of 15 years, in any instance in which such allegations shall be proved before the City Council.
Resolved, That a copy of these resolutions be sent to the City Council of Oakland, the Chief of Police, the Prosecuting Attorney, the District Attorney of the county and the press of Oakland.

Santa Fe Improvement Club for Reduction of Number of Saloons

Resolutions passed August 12 by the Santa Fe Improvement Club (700 dues-paying members):

Whereas, The Santa Fe Improvement Association has always opposed the sale of saloons in residence districts and has survived at all times to obtain higher moral standard for the entire city; it is hereby

Resolved, That the Santa Fe Improvement Association heartily commends the position taken by THE OAKLAND TRIBUNE on the saloon question in Oakland, and it is further

Resolved, That copies of these resolutions be forwarded to the city council of the city of Oakland and to THE OAKLAND TRIBUNE.

Resolved, That the Santa Fe Improvement Association favors the rigorous and impartial enforcement of the law as to the sale of liquor to minors and that if the allegations of the prohibition office as to the sale of liquor to minor girl in several cafes in Oakland be proven before the Oakland city council, the licenses of such cafes should be promptly revoked, to the end that laws for the protection of boys and girls in Oakland may be taken seriously and prevention rather than cure be thus secured for our young people; and be it further

Resolved, That the Santa Fe Improvement Association demands that the police department of Oakland strictly enforce the law prohibiting the sale of tobacco to children under 18 years of age.

The officers of the Santa Fe Improvement Association are:

W. H. Waterhouse, 557 Fifty-fourth street, president.
J. M. Hyland, 787 Fifty-third street, director of finance.
T. A. Fox, 667 Sixty-second street, director of public health and safety.
J. F. Chambers, 5308 Market street, director of public welfare.
W. H. Edwards, 820 Fifty-fourth street, director of streets and parks.

Young Men's Civic League of Alameda County Goes on Record

EDITOR TRIBUNE: The following resolutions were unanimously adopted at a special meeting of the Young Men's Civic League of Alameda County:

Resolved, That as members of the Young Men's Civic League of Alameda County, we do hereby in special session, place ourselves on record as supporting and sustaining the sentiments as expressed by our worthy president, Nelson W. Walburn, wherein he supported the courageous attitude of THE OAKLAND TRIBUNE in their judicious and justified fight to regulate the saloons of Oakland by a reduction in number and the increase in license, thereby creating a better class of saloons which would be a credit to any well civilized city; with the satisfaction that the law is greater than the mere accumulation of money, therefore be it

Resolved, That we should conscientiously believe that this splendid opportunity to eradicate this evil should be seized with alacrity by the District Attorney of Oakland, as the time seems ripe to cope with this situation, which can be done with a little exertion upon his part and the city officials, be it therefore

Resolved, That we highly commend the manifested courageous attitude of THE OAKLAND TRIBUNE, who in their pre-determination are determined to see wrong rectified and right established.

JOHN ADAMS,
Secretary Young Men's Civic League.

Appeal of Social Workers of County to the Local City Council

To the Honorable City Council of the City of Oakland.

The Social Workers' Club of Alameda county passed the following resolution:

Resolved, That the Social Workers' Club of Alameda county hereby urges upon the City Council of the city of Oakland that in the pending revision of liquor license ordinance provision be made for the reduction within six months of the total number of saloons in Oakland from 397 to 200; that the use of the remaining 200 saloons be doubled, and that no saloons be permitted in the residence districts. Respectfully submitted,

CHRISTOPHER RUESS, President.
MRS. W. T. MORTON, Secretary.

Oakland Methodist Ministers' Association Asks for Full Report of the Commission

Resolutions were presented to the city council by the Oakland Methodist Ministers' Association as follows:

BOARD OF COMMISSIONERS:

Gentlemen: The following resolutions were adopted by the Oakland Methodist Ministers' Association in their meeting held August 11, with forty-four members present.

Resolved, by the Methodist Ministers' Association in session August 11, that we respectfully request the city authorities to publish the report of the public welfare and censorship commission, whose final report was recently made to the city when the commission went out of existence. We firmly believe that the public is entitled to this report, and that the present situation is a disgrace to the city.

Resolved, That we, the undersigned, support to the announced policy of reducing the number of saloons in the city of Oakland, and of removing them from the residence sections. We sincerely trust he will reduce the number of saloons to the fewest possible number. We also beg to offer our support to any effort he may make toward the breaking up of the segregated section of the social vice of the city.

Presbyterian Church Members Favor Reduction of Number of Saloons

The following resolutions were adopted by members of the First Presbyterian Church of Oakland at the regular midweek meeting:

Resolved, That we favor the reduction of the number of saloons in Oakland, and an average

of one for approximately every 475 inhabitants thereof, including men, women and children; and

Whereas, The moral, industrial, economic and religious trend of our times and of our country is distinctly toward the regulation of the liquor traffic with view to minimizing this hazard to the well-being of society; and

Whereas, The power to regulate the saloons in the city of Oakland is by law vested in our city council; therefore be it

Resolved, That we, the members of the First Presbyterian Church of Oakland, in mid-week meeting assembled, most respectfully, but urgently, request of our city administration the passage forthwith of a new ordinance which shall embody, among other essential requirements, the following provisions:

First—The reduction of the number of saloon licenses to not exceed 200;

Second—The increase of the annual license tax to not less than one thousand (\$1000.00) dollars;

Third—The elimination of the saloon from all residential districts; be it further

Resolved, That the representatives of this church in the Oakland Church Federation be instructed to transmit or personally submit a copy of these resolutions to the city council; to give another copy to the press, and a third copy to the Church Federation, and to urge upon that body the desirability of taking action of a like nature.

W. A. HORN, Assistant Pastor.

Workers Thank Chief of Police for Stand in Favor of Law Enforcement

To the Honorable City Council of the City of Oakland: The Social Workers' Club of Alameda county passed the following resolution:

Resolved, That the Social Workers' Club of Alameda county hereby commends the stand of the Chief of Police in the pending revision of the liquor license ordinance provision, and to urge upon that body the desirability of taking action of a like nature.

Resolved, That the Social Workers' Club of Alameda county hereby commends the stand of the Chief of Police in the pending revision of the liquor license ordinance provision, and to urge upon that body the desirability of taking action of a like nature.

Resolved, That the Social Workers' Club of Alameda county hereby commends the stand of the Chief of Police in the pending revision of the liquor license ordinance provision, and to urge upon that body the desirability of taking action of a like nature.

SOCIAL WORKERS' CLUB OF ALAMEDA CO.,
CHRISTOPHER RUESS, President.
MRS. W. T. MORTON, Secretary.

The city council was then urged to act on the saloon question in the following resolution:

URGENT REVISION.

To the Honorable City Council of the City of Oakland: The Social Workers' Club of Alameda county today passed the following resolution:

Resolved, That the Social Workers' Club of Alameda county hereby commends the announced purpose of Chief of Police W. J. Petersen of Oakland to urge that in the pending revision of the liquor license ordinance provision be made that no gambling of any sort whatsoever be permitted in any place where liquor is licensed to be sold.

Respectfully submitted,

SOCIAL WORKERS' CLUB OF ALAMEDA CO.,
CHRISTOPHER RUESS, President.
MRS. W. T. MORTON, Secretary.

Commissioner Turner Commended for His Efforts Toward a More Moral City

The intention of Commissioner F. C. Turner was endorsed unanimously in this resolution:

To the Honorable City Council of the City of Oakland: The Social Workers' Club of Alameda county has passed the following resolution:

Resolved, That the Social Workers' Club of Alameda county commends the announced intention of Commissioner of Public Health and Safety F. C. Turner to enforce in letter and spirit the existing laws concerning public prostitution, and to abolish within three months the existing so-called segregated district in Oakland. Respectfully submitted,

SOCIAL WORKERS' CLUB OF ALAMEDA CO.,
CHRISTOPHER RUESS, President.
MRS. W. T. MORTON, Secretary.

Commending the press for its support, a resolution was adopted, thanking THE OAKLAND TRIBUNE for its stand in the fight. This follows:

Resolved, That the Social Workers' Club of Alameda county, representing in co-operation all the social workers of the county, hereby heartily commends the policy and course of THE OAKLAND TRIBUNE in demanding that in the pending revision of the Oakland liquor license ordinance provision be made for the reduction within six months of the number of saloons in Oakland from 397 to 200, and the raising of the license to \$1000 per annum for the 200 saloons remaining, and the abolition of all saloons in residence districts, and also the policy and course of THE OAKLAND TRIBUNE in demanding that in such pending revision it be provided that no gambling whatsoever be permitted in any place where liquor is licensed to be sold.

Yours for a better Oakland.

CHRISTOPHER RUESS, President.
MRS. W. T. MORTON, Secretary.

Poolroom Ordinance Referred to City Attorney for Opinion as to Age Limit

The pool room ordinance, introduced in to the city council several days ago, was referred to the city attorney today when a communication from Miss Bessie J. Wood of the Child's Welfare League declaring that the proposed ordinance was in conflict with the state law, was read. The city attorney will pass upon this phase of the matter before the ordinance comes before Council again. Miss Wood declares that the state law places the age of minors at less than 21, while the proposed ordinance reduces this to less than 18 years.

Con Donovan filed a request with the city council this morning that when the zones in which saloons are to be permitted are established by the new liquor ordinance, his saloon at Alcatraz and Telegraph avenues, shall not be left high in the dry territory. Donovan cited that he was an old resident and taxpayer of the city, and that it was not fair to take his livelihood from him.

LARGEST CLASS IN HISTORY.

The opening University meeting was held at 11 o'clock at Harmon Gymnasium and was too small to accommodate the crowd that gathered, some three or four hundred being unable to gain admittance. Dr. Barrows announced that the freshman class actually registered is probably the largest freshman class in the history of American universities. The total number of new students he stated to be over 1500. In the course of his address he said:

"The system of student self-government has been thoroughly worked out and possesses the confidence of the University faculty. Necessarily the operation of this system of self-government rests with the students of longest experience and it is to a large degree a system of student control by upper classmen."

BRYAN WILL NOT ABANDON TALKS

Lectures Will Be Continued, Declares Secretary in Formal Announcement.

WASHINGTON, Aug. 18.—Secretary Bryan made a formal statement today about plans for his lecture tour:

"There has not been the slightest change in my plans and I have no thought of abandoning lecturing," said he. "I expect to lecture just as I said I would and for the reasons that I gave. I take it for granted that I will have a chance to take a vacation just as other officials have and during my vacation I expect to lecture as my needs may require."

The only reason why my lecture dates have been canceled during the last three weeks is because I have felt that I should remain here in consequence of the work that the department has at hand. But these conditions will not continue always. When the time comes for me to take my vacation I shall utilize so much of it as I may find necessary for lecturing."

Telephone Tolls Are Under Investigation

SAN FRANCISCO, Aug. 18.—At 2 o'clock this afternoon the State Railroad Commission began a hearing on tolls, rules and regulations of the Pacific Telephone and Telegraph Company. The proceedings were instituted at the instance of the commission in its desire to learn whether or not any of the present charges were excessive.

JIM PHIZ, His Remarks

MAKES APOLOGY FOR WILSON'S AFFRONT

Ambassador Tenders English Foreign Office Official Regret.

MEXICO CITY, Aug. 18.—Provisional President Huerta, replying today to President Wilson's note which was recently delivered to the Mexican government through ex-Governor John Lind, refuses mediation in the Mexican situation or any similar suggestion by a foreign government. Mr. Lind has forwarded General Huerta's answer to Washington and is awaiting a reply.

LONDON, Aug. 18.—Walter Hines Page, the American ambassador, called at the foreign office this afternoon and tendered to the foreign secretary, Sir Edward Grey, the regret of the American government for the recent attack made on the British foreign office by Henry Lane Wilson, late United States ambassador to Mexico. The incident is now regarded as closed.

AWAITING LIND MESSAGE

WASHINGTON, Aug. 18.—Administration officials appeared to be less optimistic today over the Mexican situation, but still were waiting some word from John Lind which would make possible publication of President Wilson's views already in the hands of the Huerta government. Chairman Bacon of the Senate foreign relations committee, after conferring with the President, remarked:

"At last we have done our duty. We have shown the world our friendly intentions and it will not be our fault if the suggestions are rejected."

There was an undercurrent of discussion of possible alternatives of lifting the embargo on arms was one. Mr. Bacon declared that would be done only after all peaceful means had failed.

White House officials intimated that the United States would take a deep interest in proper protection for William Bayard Hale, President Wilson's friend, who has been sending reports from Mexico. Though Hale has no official status, his presence in Mexico has been hotly attacked by Mexican newspapers.

FEDERAL TROOPS MOVING

CHIHUAHUA, Mexico, Aug. 11, by Corrier to El Paso, Aug. 18.—Movements south and west by federal troops have started General Felix Terrazas, for the government, is moving along the railroad west of here, repairing bridges and countering small bands of rebels, with much success.

Information. Movements in the direction of Jimenez and Parral are said to be contemplated by General Merceda. General Orozco, it is understood, will look after the northern end of Chihuahua to Juarez. The government is paying his troops in this state regularly. Communication south of Chihuahua City remains interrupted. On the line of the Northwestern communication is open only as far as San Antonio.

CONSTITUTIONALISTS LOSE

EAGLE PASS, Texas, Aug. 18.—Constitutionalists were defeated in their three days' battle with federal troops near Abilene, about 100 miles south of here in Coahuila. They retreated Saturday and yesterday, declaring they had not sufficient ammunition to reply to the federal fire. About 7500 men were engaged on both sides. No estimate of killed and injured has reached here, although several wounded constitutionalists have been brought to Piedras Negras.

Jesus Carranza, brother of the constitutionalist president leader, has gone to the front with reinforcements.

The result of the federal success seems to be the driving of a wedge northward almost to the center of Carranza's stronghold and this wedge seems designed to separate him from his military capital at Piedras Negras.

THAW QUIETLY SLIPS OUT OF INSANE ASYLUM

While Milk Wagon Drives to Door of Institution, Prisoner Dodges Behind It and Escapes Guard's Notice

(Continued From Page 1)

gave it to some one to mail for him. Whoever did this addressed it in ink, a scrawly, unlettered hand. In giving out the letter Mrs. Thaw explained that it was her son's handwriting and for that reason she knew that it had come from him. She added that she did not know where he was today or just when he would go to Cresson.

"However, I shall leave New York for Elmhurst at 8:30 o'clock tomorrow morning," she added.

"Then you think you are going," then saw him drive through the gate.

"There goes Harry Thaw," I shouted out of the window as I saw Thaw slip past the milk wagon.

"The two men caught Thaw by both arms and dragged him into the automobile, which by that time was already under way. The machine seemed to jump down the hill and to the corner, where it shot out of sight."

MONTREAL, Aug. 18.—At the request of the New York authorities the police of this place today kept a sharp watch on outgoing liners, looking for Harry Thaw.

PHILADELPHIA WILL ACT

PHILADELPHIA, Aug. 18.—In the event that Harry K. Thaw is found within the confines of Philadelphia the police of this city will be ordered to detain him to await the action of the New York authorities. This was decided today at a conference held at the city hall by the city director of the department of public safety, and Superintendent Robinson of the police department of this city.

THAW MAY GET MONEY

PITTSBURGH, Aug. 18.—It became known here today that the orphaned court of Allegheny county is to decide during the September term whether Harry K. Thaw is to receive the income from his father's estate, which, since 1908, has been accumulating in the vaults of the Fidelity Title and Trust Company of Pittsburgh.

Thaw recently demanded \$20,000 from the trust company and Judge Miller of the Orphans' Court granted a rule on the trust company to show cause why the money should not be paid. The trust company answered it was willing to pay the money if the court would order and the matter went over until the regular term next month.

By the will of his father, William Thaw, Harry Thaw was to receive \$2400 a year, with the provision that if the executor died and he showed capacity for management he should be paid one-fourth of the share of the estate that would otherwise have gone to him.

GUARD MUST ANSWER

POUGHKEEPSIE, N. Y., Aug. 18.—Howard Barnum, the Matteawan attendant who opened the gate through which Harry K. Thaw escaped yesterday, was arraigned before Supreme Court Justice Morschauser at Poughkeepsie today for a warrant charging him with bribery. He asked for counsel and the hearing was delayed pending the arrival of a lawyer. Barnum was reticent, but continued stoutly to assert his innocence.

Warrants were issued at Poughkeepsie today for the five men who aided Thaw in his getaway.

Second Wife Kills Husband and Bride

MILLEN, Ga., Aug. 18.—Mrs. Edna Godbee, divorced second wife of Judge W. S. Godbee, shot and killed the judge and his third wife today in the postoffice here. The dead woman was a bride of three months.

Today, when Mrs. Godbee II met Godbee and his wife she drew a revolver from her handbag and without warning fired three shots at the man and riddled the body of the third wife. Godbee was taken to the city hospital, where he was pronounced dead.

Cherries and Milk Fatal for Children

BELLE FOURCHE, S. D., Aug. 18.—The small sons of Joseph Leveille, a rancher near Seim, ate a basket of cherries yesterday and a few minutes later consumed nearly a quart of milk. Both died a short time later. According to physicians, the cherries and milk produced an acid which caused death.

S. P. MOVES TO RESTRAIN BOARD

SAN FRANCISCO, Aug. 18.—The State Railroad Commission appeared as a defendant this morning before Federal Judge Van Fleet in a suit for an injunction instituted by the Southern Pacific company to restrain the commission from instituting a criminal action against the corporation should the latter attempt to issue \$50,000 in car trust equipment certificates without asking the commission's permission.

Attorney Jax Thelan, a member of the board of directors of the Southern Pacific company, appeared for the corporation and moved to dismiss the proceedings. He contended first that a court of equity had no jurisdiction, and second that it was an action to be tried by the State court. His third claim was that in the event that the railroad company did not like the decision of the commission it had a plain, speedy and adequate remedy at law.

Attorney Guy V. Shoup appeared for the Southern Pacific company and argued that the court should grant the injunction.

The corporation desires to raise the money to purchase large equipment for state and inter-state business.

Nicaragua Enforcing Rigid Martial Law

MANAGUA, Nic., Aug. 18.—Martial law is being strictly enforced in Nicaragua and the Diaz administration has established a strict censorship over all criticism of the government's acts. The storm raised in some of the Central American countries by the proposed canal convention between the United States and Nicaragua, implying that a protectorate would be established over this country, was not felt here, principally because of the government's action in suppressing promptly those newspapers which dared to publish extras from the Porto Rican Press.

The proposed treaty between the United States and Nicaragua was drafted by Secretary of State Bryan.

Parties Lived Here Less Than a Year, Now Its "My City Pittsburgh."

"We have just received word from our family in Pittsburgh that changes our plans completely. It is necessary for us to return immediately, however much we regret leaving sunny California."

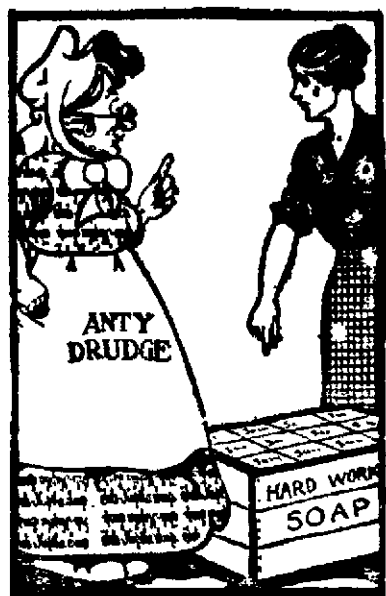

"We are willing to turn in our autoplano and give someone else the benefit of what we have paid on it, as we have one of the same style at our home in Pittsburgh."

This is what a party tells us who is leaving their autoplano for us to sell for them. The price to them one year ago was \$650. They have paid \$250 on the account and the contract may be taken up for \$400. The player in every way is as good as new and is fully covered by our guarantee. It is a genuine metal tubed 88-note autoplano and the very first one we have ever offered at less than regular price. There are 35 rolls of music with the player and we also extend our regular exchange privilege. The terms we will arrange to suit your convenience, even as low as \$2 per week. Come in and hear this wonderful player-piano at Eilers Music House, 1448 San Pablo avenue, next to the new Kahn building. Open every evening until 10.

More Arrests Are Expected Carol Mason Case Serious

CAROL MASON, the motion picture actress of Los Angeles, who declares she was held a prisoner by Henry W. Hascamp. Her escape has started another vice investigation.

LOS ANGELES, Aug. 18.—More arrests, according to the police, may result in a few days through the investigation being made into the circumstances surrounding the alleged kidnapping of 15-year-old Carol Mason, moving picture actress. Henry W. Hascamp, son of a millionaire Canadian lumberman, accused by the girl, and Robert Burton, automobile man, as well as Dr. Royal Crist, are under arrest and awaiting preliminary examination, and in the meantime the detectives are further checking up testimony given by the girl. It is indicated that other warrants will be issued tomorrow. Today is expected to bring more names to light in the case.

The investigation was precipitated by finding Miss Carol Mason in a residence at Hawthorne. The girl is declared by the police to have been kidnapped from Los Angeles two weeks ago and held under restraint in the house at Hawthorne. The girl was found by Detective Edward King and Humane Officer McLaughlin and taken to the Central police station. The story that she told resulted in the arrest of Hascamp and Burton. The police asserted they have been diligently investigating this case for two weeks.

The investigation began August 5 when Miss Mason's mother reported that her daughter had disappeared.

The city was scoured for the girl but no trace of her was found.

The detectives thought that perhaps she had eloped or had run away to live and work elsewhere.

TAX RATE WILL BE \$1.80 COMMISSIONER ESTIMATES Slight Increase After Pruning Process Has Been Applied to Departments

(Continued From Page 1)

The Alameda county board of supervisors, the rate of the old city may be raised to \$2.40 to take care of the schools.

In making cuts in the department estimates, the estimate made by Bacon for public betterments in the street department was lopped from \$230,400 to \$75,000. The police department suffered a reduction of about \$100,000, and it is probable that Chief Petersen's motorcycle squad and new stations will not be allowed this year.

The estimate in Turner's budget of \$6000 to be appropriated for a police women's department was dropped altogether from the budget. Forrest explained that he considered that before this was allowed it should be considered by the entire council.

STATEMENT OF ESTIMATES, August 18, 1914.

To the Honorable, the City Council of the City of Oakland.
Gentlemen: The accompanying estimate of probable expenditures for the fiscal year 1913-1914 is herewith presented for your consideration in accordance with Section 116 of the City Charter. It calls for a total expenditure of \$2,080,537.03, necessitating a tax rate of \$1.80 in the old city and the annexes of 1912 and 1917, and a rate of \$1.55 in the annex of 1909.

East Bay Commissioner will find a heavy cut from the amount asked for conducting his department, but when the total amount allowed is considered, and it is remembered that in one year we cannot do all we might like to do, I believe you will concede the allowance to be liberal.

You will find the amounts allowed the Library, Park and Playground

these departments, while not in as close touch with our citizens, and in the way of improvements are seeking for what is almost demanded of them by residents of particular districts, or people greatly interested in the work which they have in hand. Activity along these lines is constantly widening and calls for an increased tax rate, but I know of no fairer tax than that which the people themselves, by their demands, make necessary.

Respectfully submitted,

JOHN FORREST,
Commissioner Revenue and Finance.

Probationer Fells Corporal Flight Stopped by 3 Shots

Expert Marksmanship
in Reclining Position
Enables Arrest.

Robert Emmet Graham, on probation for burglary from the Superior Court for five years, was shot three times last night after having struck down Corporal E. W. Brock in attempting to avoid arrest. The wounds were in the right leg above the knee, left leg above the knee and the third shot grazed his scalp.

Corporal Brock shot from a reclining position on the sidewalk after being knocked down by the burglar, and the wounds indicate that the policeman possessed considerable marksmanship. The burglar was running when Brock shot, and after attempting to stop him by shooting him in both legs the corporal shot to kill.

Graham's injuries are not serious and after being taken to the Receiving Hospital for treatment he was removed to the city prison. He will be held in custody.

lating probation. Brock met Graham at an early hour this morning at Fourteenth and Jefferson streets. Graham was carrying a heavy bolt of broadcloth, which it was later discovered had been stolen from the shop of George J. Suzuki, 1711 Telegraph avenue.

"What have you got there?" demanded Brock, approaching Graham.

STRIKES STUNNING BLOW.

Graham, who was on probation, suddenly swinging the bolt of cloth above his head he struck Brock, a "big" man over 5 feet in height, a heavy blow over the head, knocking him down.

Brock recovered himself and raised himself on his elbow, drawing his revolver at the same time.

"Stop or I'll shoot!" shouted Brock. "Shoot, you —," returned the fleeing man.

Brock took him at his word and three shots rang out in rapid succession. The first two resulted in deep flesh wounds in the legs and the last in a scalp wound.

Patrolman Blewett heard the shots and rushed to the scene. Graham ran a few steps and then fell to the sidewalk. He was placed under arrest and rushed to the hospital.

It was found that the cloth had been taken from the shop of Suzuki, in Telegraph avenue, where 14 bolts of cloth and a suit of clothes and an overcoat had been stolen during the night.

The shop of J. Halpern, 645 Fourteenth street, had also been entered, and it is thought that Graham may

ROBERT E. GRAHAM

have been implicated in this as well. Inspectors Kile and Neils are working on the case.

CAPTURED LAST APRIL.

Last April Graham was captured with Harry Vance Howell, an ex-convict, and four charges of burglary were placed against him. He was convicted on one of these, but as he had not been in trouble before and had apparently been influenced by Howell, he was allowed to ask for probation.

The case was investigated. Graham lived at Twenty-second and Valdez streets and had a wife and four small children in a destitute circumstance. He promised to go to work and a job was offered him.

The police recommended against probation as Graham had committed four burglaries in addition to the theft of furs from the Oliver company at Twenty-second and Broadway. Probation was granted on the recommendation of the probation office, Judge Donahue placing him on a five years' term.

SEPARATE ESTIMATES FOR DETENTION HOME

Committee Also Submits Request for
Juvenile Court Building; Ruess Gives
Reasons Why He Asks for
Increase of Funds

Separate estimates for the building for the Detention Home, the Probation Office Juvenile Court committee, and a new Juvenile Court building were submitted to the Board of Supervisors today. The estimates submitted today are nearly \$120,000.

The Detention Home estimate calls for \$17,500 and is presented by Chairman J. B. Ruess. The estimate for the juvenile court building is \$100,000. The Detention Home estimate calls for a surplus of \$100,000 over its estimate last year.

The probation committee submits also a request for an appropriation of \$50,000 for land and structure for a juvenile court building, to accommodate under one roof the Detention Home, the Probation Office and the Juvenile Court. The committee also has had repeated conferences with members of the Board of Supervisors. The Child's Welfare League has for many years urged such a building in its platform. Besides the chairman, the other members of the committee are Mrs. C. S. Chamberlain, Dr. Sarah I. Shney, Mrs. A. S. Lavenon, R. A. Leet, J. D. McCarthy and Herbert D. Clark.

The Probation Office, through Probation Officer Christopher Ruess, asks for \$17,500 to carry it through the year. Ruess is going over his estimate and his expenditure for last year with Loren Parker of the County Expert's Office has found that he came through with a surplus of \$727.

SEPARATE ESTIMATE.

For the first time in the history of the Juvenile Court an entirely separate estimate is submitted for Juvenile Court commitments to institutions and societies. These commitments, the estimate says, are made by Judge Ogden of the Juvenile Court, upon the advice of the District Attorney and of the Probation Officer. Two years ago they totaled \$17,000, last year the, came to \$25,000, and the estimate for the coming year is \$40,000. The figures have been prepared for Judge Ogden by Probation Officer Ruess.

Speaking of the estimate, Ruess says: "It is due to the fact that the county has only in the last year or so begun to take the Juvenile Court law seriously, and to justice by the children of the county. With the agitation and the legislation for widows' pensions, representing a new attitude of society toward the unfortunate, the attitude of the court has gradually changed. Moreover, we have handled through the Juvenile Court problems that once were handled as indigent problems."

"Half of this total is expended for the care of about 150 unfortunate children who are not wayward, many being kept in their own homes, others in other family homes some in institutions, a large portion being in charge of the Associated Charities and the Catholic Ladies' Aid Society. The other half is expended for the care of about 30 wayward girls and 10 wayward boys in institutions, from county with a quarter of a million population."

THERE ARE TWO WAYS.

"There are two ways," said Ruess today, "to decrease this big county bill for the care of these children. The unfortunate children are very largely unfortunate because the parents have not the best of their fathers, and in some instances because John Barleycorn has taken their mothers, too. The wayward children are wayward because they wanted to have a good time, and because church, school, home and community did not do their duty by them, either in the past or in providing a good time in a good way."

liger to miners, saloons, lawless, and unsupervised public dance halls and gambling, and lawlessness in

immorality through undisturbed illegal places or schools of vice, we want less promiscuous sale of tobacco to minors, weakening their whole moral fiber. We need more Y. M. C. A.'s and Y. W. C. A.'s, and we need them where the poor people live.

We need more churches with a Plymouth Center attachment. We need playgrounds. We need supervised recreation in our public schools and playgrounds in the evening, as well as by day. We need repression of some things and expression of a good many more things. When we get sense as a community we shall see that it is cheaper to help children go right than to turn them back after they have gone wrong, and that no money is so well spent as that which is used to prevent crime.

PLAN WATER DISTRICT.

To protect the water sources in Washington township, William H. Ford, of Niles today presented to the Board of Supervisors a petition asking permission to form a country water district, to be known as "The Alameda County Water District."

This will not take in Alvarado, said Ford, and will not conflict with the present Oakland municipal water district plan. Ford was informed that the Board of Supervisors will consider it.

The date set for consideration of the petition, after publication, was set as September 6.

The petition will be formally filed on that day.

"We are doing this to protect our own water in the Alameda creek gravel bed," said Ford, "and not to interfere with the Oakland plan. Niles, Decoto, Centerville and Irvington will be included."

WANTS LEGAL OPINION.

George Gelder appeared before the board yesterday to present the Rate Payers' Protective association and ask for legal opinion or not the county may prohibit telephone companies from charging tolls between districts.

"Mr. J. B. Munger wrote you," said Gelder, "asking that you place a resolution on the next county election. You did not answer him."

"No," said Mullins. "His letter did not call for an answer, as it was not an official or legal petition."

The district attorney will report on the matter Monday.

WOULD LIMIT HOURS.

Asking that the Park street and Fruitvale avenue tidal canal bridge be operated but eight hours a day, were filed yesterday. The board was asked to limit the hours of operation of the bridge to eight hours a day, from 6 a. m. to 4 p. m.

The Board of Supervisors, through the Board of Supervisors, is asked to limit the hours of operation of the bridge to eight hours a day, from 6 a. m. to 4 p. m.

Chemical errors in Real Estate assessments were ordered corrected. Land in the Fremont tract was ordered reassessed.

Tomorrow Will Be Bargain Day at the Big Music House

On last Friday a carload of fine Player-Pianos—latest 1914 styles in fumed oak and mahogany—arrived with cases marred and scratched. These have all been added to our already big list of bargains and makes this the banner week of

Our Greatest Clearance of Player-Pianos and Pianos

The newest styles of Player-Pianos in the damaged carload have been marked at large reductions and each will be put in perfect order as soon as sold. We will give, absolutely free, with each of these instruments bought on regular terms, \$100 worth of music rolls, thus affording each purchaser the opportunity of having a practically complete library immediately.

Perhaps you don't yet realize that this is not an ordinary sale. It is a sweeping clearance of damaged and surplus Player-Pianos and Pianos, from the lowest priced to the very best, new and up-to-date instruments. Some of the makes included are (Is your favorite Player-Piano or Piano in this list?) William Knabe & Co., Krueger & Bach, J. & C. Fischer, Vose & Sons, Kohler & Chase, B. Schenck, Andrew K. M. Chickering, Baldwin, Steinway, Weber, Hazeltin, Lester, Mason & Hamlin, Decker Bros., Kurtzmann, Melville Clark, Kohler & Campbell, Primatone, etc., etc., etc.

We must have room, and quickly, for the heavy shipments already on the way. In order to obtain space for the goods en route, we are holding the most sweeping clearance in our history.

Some of the new Player-Pianos will be sold as low as \$385

Some of the new Pianos will be sold as low as \$125.

Regarding used Player-Pianos and Pianos. If you want a Piano or Player-Piano for little money, you should come to this sale at once. We have upwards of two hundred used Pianos and Player-Pianos. These are selling off at prices never duplicated in Oakland makes considered. A large number have been marked at less than \$100—very fair Upright Pianos, too, in ebony, walnut and mahogany cases. Terms \$4 per month. A great many more very good Pianos will be sold at less than \$150. These are in mahogany and walnut cases and would ordinarily sell at more than \$250. Terms \$5 per month.

A few tempting bargains, selected at random from the immense stock on sale. We have many more just as good.

J. P. Hale (Upright) \$65	Gilbert (Upright) \$135	Weber \$290	Winthrop \$175
Lindeman " \$175	Decker Bros. " \$220	Schubert \$115	Gabler \$105
Kingsbury " \$145	L. Neufeld " \$55	Hensel \$115	Bruenn \$165
Arion " \$90	E. Gabler & Bro " \$90	L. Bauer \$148	Hartman \$170
Antisell " \$100	Estey " \$130	Fischer \$220	Bowen \$120

The above Pianos are not the usual worn-out, old-fashioned instruments offered at cheap prices by "storage" and sale houses, but used Pianos worth almost twice the above clearance prices. A few of the many snaps in our Player Department.

Weiler & Co. 88-Note Mahogany Player-Piano, shipped as a sample, but never has been used; contains Gibransen action; cut to \$285; terms \$8 per month.

Wheelock, taken in trade by our Player-Piano Department; has been played a while, but is in good condition. Golden oak case; price now \$225; terms \$8 per month.

Byrne Player-Piano, polished mahogany case, also taken in trade in our Grand Piano Department; price now \$245; terms \$8 per month. Melville Clark Apollo, 88-note, spring motor, down touch, mahogany case; price now \$445; terms \$10 per month.

Melville Clark Apollo, air motor, "kick-up" action, beautiful mahogany case; new; price \$515; terms \$12 per month.

Weber Pianola Piano; mahogany case; has been but little played; price now \$680.

VACATIONS GRANTED.

James G. Quinn, justice of the peace, was granted a 30 day vacation, with permission to leave the State.

J. H. Brown was granted a two weeks' vacation. He is janitor at the Emerson hospital.

J. F. Summers, courthouse janitor, was voted a two weeks' vacation.

MUST RAISE OWN COIN.

The cities of this county must raise their own school money for elementary education. This year the legislature has put kindergarten departments under county charge. Of course, you have a right to take this action, but it is against the trend of state legislation.

"School board and city councils are independent. City councils, therefore, are not to be taken over by the state. The schools get the worst of it from city councils."

"The county has an elaborate system of accounting—a cost-finding system. We in Alameda are planning the same."

In the past have not given the schools a fair deal?

I realize your position. Still it seems to me that the school board depends on your control of their finances.

During the past year or so years the schools have prospered. The credit is due to your board. We want you to keep up your good work.

BARKER OPPOSES.

"The time for making application for tax levies to the Oakland city council is passed," said Superintendent A. C. Barker of the Oakland schools. "The city council can legally refuse to make the levy. I am afraid your refusal to control this would be dangerous. The board would have to lay the kindergarten levies anyhow. Oakland wants four."

"That law is not operative this year," said Assessor District Attorney Len Clark.

"We would rather have the county handle this," said Barker.

"That is the district attorney's opinion," said Mullins. "The estimate you submitted to us estimates on buildings."

"I am aware of that," said Barker.

"I am aware of that," said Barker.

addition to that derived from the regular state and county school appropriations.

"Whereas the county superintendent of schools, acting to a lack of authority in the county, has levied a tax on the city council, and not in a position to determine whether or not additional money is required, and \$5,000 is necessary."

"Whereas, the law provides that where money in addition to that derived from the state and from the regular county tax, is required for city school purposes, the city council of such cities may provide an additional tax in the city levy to raise such money, now therefore be it

"Resolved, by this Board of Supervisors, that no tax be laid for the regular county school tax. I be hereby by this board."

Resolved, that at the clerk of this board forward a copy of this resolution to each city council and the Board of Education within Alameda county."

ESTIMATES APPROVED.

"I find the Oakland estimate correct," said Chairman Mullins. "If we have to pass on it we will pass it as submitted."

CONSTABLE NAMED.

Frank Rose of Niles, a pioneer builder and lively man, was unanimously appointed as constable for Washington township, to succeed Joseph Roderick. The latter was removed for having misappropriated bail money. The matter was recently investigated by the grand jury, and Roderick pleaded guilty and was removed.

the distance myself," said Supervisor W. B. Bridge. "The distance was 376 feet. I was carried from door to door, according to law."

It is a well known character at Niles, and is known as "Little Jeff" on account of his resemblance to the famous cartoon character.

PLAN LEGAL FIGHT.

The bill for having German music over the county bridges at Niles was brought up by the board. As it exceeds \$500 it was referred to the district attorney for a report. The bill was cut and so must be brought before a court and a decision.

An idle group surrounded him. One had a motion picture camera. Smith was informed that he had spotted 60 feet of film. He had seen a motion picture actor in the act of performing his duties.

The Saloon Incubus in Stockton.

Discussing the movement to reform the retail liquor traffic in Oakland, the Stockton Record points out that Stockton with approximately 30,000 inhabitants has 103 saloons exclusive of restaurants, cafes, etc., where liquor is sold at retail.

Stockton has an ordinance limiting the number of saloons to eighty, but the Record says it is a dead letter. Saloon licenses continue to be granted in direct violation of the ordinance. Probably the excuse for this is that it would be unjust to drive men out of the business who are already established in it. This excuse consults the interests of the saloonkeeper instead of the interests of the public.

We hear the same plea in Oakland. It is in fact a plea to let things remain as they are, to allow evils to go uncorrected because some liquor dealers will suffer financial loss if the number of saloons be reduced. The same plea would keep open the saloons established in residence districts.

Somebody has suggested that provision be made to recompense out of the public funds the saloon proprietors who are compelled to close their places. Nobody has come out in the open to stand as sponsor for this proposition. The people will never give ear to it. The greatest loss will fall on the brewers and wholesalers who have backed saloon enterprises to a limit that has disgraced the public and created a condition that demands a drastic remedy. A lesson must be taught by this reform—a lesson that will be convincing.

Efforts to individualize and localize this scheme of reform, however well meant, will only obstruct the main purpose and delay its fulfillment. The business of backing and opening saloons should be discouraged. No inducement should be held out to continue the policy which has brought things to such a pass, and no encouragement should be given to those who hope for a reversal of the policy that is to be established. The way to resume is to resume, said Horace Greeley. The way to reduce the saloons to a ratio commensurate with the population and the canons of good order and moral safety is to reduce them now and not hereafter—do the thing to be done at once, and not prepare the ground for future combat.

The respectful reception given John Lind, the President's special envoy to Mexico, appears to have disappointed some people in this country. An element in the United States would like Huerta to do something that would fire the American heart and force our government to take drastic action. That explains why some American newspapers derided Lind and his mission, and encouraged Huerta to treat him with disrespect. However, Huerta has had the sense to perceive that treating Mr. Lind with discourtesy would be playing into the hands of those who wish to embroil Mexico and the United States in war. Mr. Lind's mission is one of peace and amity, and notwithstanding Huerta's blustering the Mexican minister of foreign affairs has courteously given him audience and listened to what he had to say. In consequence the aspect of the situation in the Aztec republic is more hopeful than it was, and the danger of a collision less imminent than it was.

An Object Lesson.

An inspiring photograph is on exhibition and is called "An Object Lesson." It is a picture of the hanging of a number of Moros in the Philippine islands. The legend under the picture tells its story. The Moros are being hanged to inform them that resistance to the United States troops is murder. That certainly seems a very effective way to impress upon them an important fact.

But who are these Moros, who are taught things by strangling them on a gallows?

They are a people who had maintained themselves in a condition of independence, in the land of their fathers, with their own institutions and laws and letters. Their ways were not our ways, but they were their ways, as our ways are ours.

We bought them and their country from Spain, though Spain had never subdued them, nor subjected them to her laws or institutions. The Moros had probably never heard of the United States before our armies appeared amongst them and began the process of benevolent assimilation. But these singular Moros resist. They show a disposition to fight for their country, and for their own laws and ways and institutions, and for the customs and traditions of their fathers. They did not consent to our purchase of their country. They were not consulted. So, occasionally, these perverse people rise against us, and repudiate a bargain to which they were not parties, and take up arms in defense of their homes and their independence. When this occurs we go in and catch a lot of them and hang them, as "An Object Lesson," and photograph the execution and exhibit it to show our own people that we are doing our duty in the far land of the Moros. The men hanged had wives and children.

But the Moro wives and children are not expected to mourn their dead or feel their loss. We expect them to admire the object lesson in American ways and American civilization. Incidentally, we also serve notice upon other far away people that if they and their country are sold by somebody who does not own them, and they are transferred to some one else without their consent by a bill of sale called a treaty, they will be wise if they take the yoke of their masters, and make no complaint if it hangs their withers.

To resist such unconsented sale and transfer used to be called rebellion, but it is now called murder.

AW GEE! WHAT'S THE USE?

—BY THE OAKLAND TRIBUNE CARTOONIST.

Science has overtaken and outrun the vivid imagination of the French author. The submarine boat has given verisimilitude to "Twenty Thousand Leagues Under the Sea," and the aeroplane has taken the wildness out of "A Voyage On a Comet." Since Jules Verne wrote "Around the World in Eighty Days," the telephone, the automobile, the aeroplane have been invented. Electricity has been applied and wireless telegraphy discovered and utilized. The poles have been explored and located and the Northwest Passage traversed. Before many years elapse it will be possible to go from Hudson Bay to the southern extremity of Argentina by rail, and travel from the Pillars of Hercules to the Cape of Good Hope in a Pullman car. The Alps and Pyrenees have been pierced by tunnels, and an unbroken line of railway constructed from the Baltic Sea to the shores of the Pacific. Isolation is disappearing before the hurrying feet of progress. Recently a French aviator flew from Warsaw to Paris in thirteen hours, and the possibility of flying across the Atlantic is seriously discussed. Yes, the world is getting to be a small place, and is showing signs of being overcrowded. The desert of Sahara has been crossed in an automobile, and now an interoceanic canal has been excavated across the Isthmus of Panama. Fact has outstripped fancy. A trip around the world is a mere holiday excursion and can be made while one is enjoying all the comforts of a home. But the moving picture makes sightseeing by travel unnecessary for those who do not have the price. For ten cents you can see the storied Rhine from Basle to the North Sea, travel from Timbuctu to Gibraltar, tour Switzerland, explore the famous cathedrals of Europe, visit Italy and Rome, run through Scandinavia and round the North Cape or view the historic seats of civilization in India.

Low Water in the Lake.

There is much complaint of the low water in Lake Merritt. The mud flats exposed to the sun emit an unpleasant odor which is not unhealthful but disagreeable. It can be stated for the benefit of those who have jumped to the conclusion that the water in the lake is receding that such is not the case. The water is kept at a low stage to facilitate work on the boathouse the Park Commissioners are building at the northeast extremity of the lake, hence the condition complained of is entailed by an improvement that will add to the beauty of the lake and the pleasure of boating on it.

While the concrete piers for the Eighth street viaduct were being set the water was kept at a low stage. This was necessary to expedite the work and insure permanency. Nevertheless people who did not understand the situation complained as they are complaining now. They assumed that the lake was being neglected, and condemned without inquiry, a proceeding made necessary by improvement.

The shores of the lake are being beautified and protected from wash, so that in time the city will have a sheet of clear water set in verdure, foliage and flowers. So it is well to be patient for awhile and not be in too great haste to find fault. As the scheme of lakeshore improvement develops, its beauty and comprehensiveness begin to appear. When it is completed the lake will be an artistic vision which will rejoice the heart of every Oaklander. The work of the park department is commendable from every point of view and is something the city can take unalloyed pride in.

FOUND THE MALARIA GERM

An American army officer down in Cuba found out 16 years ago that a mosquito, biting from man to man, carried malaria as well as yellow fever and that, as you put the anopheles insect out of business you likewise reduce the liability to "fevers and shakes." What he did not learn was what made the mischief in the "skeeter's" bite.

Dr. Wade Brown, a University of North Carolina professor, has just uncovered that it is a colored poison called hematin. The little bug, which the doctors call the malaria germ, concocts this pigment somewhere in its minute system and once it gets into the blood of a human being it quickly spreads throughout the body, producing the straw-colored malarial tinge. Dr. Brown has also discovered a way to make this colored poison chemically. He and numerous other researchers are now at work on mice and guinea pigs inoculating them with hematin, preliminary to seeing whether there is any danger to

...specific for malaria. Luckily, the anopheles "skeeter" is not common, and if we are careful to drain our swamps or keep them well coated with kerosene, the malarial germ won't have much of a show. But it would be

FIREMAN KILLED IN GRAND ISLAND FIRE

GRAND ISLAND, N.Y., Aug. 12.—Tommy Fiescher, a fireman, was killed and about \$70,000 worth of property was destroyed in a fire yesterday which at one time threatened to traverse the heart of the railroad section and cut a wide path through the city. Six streams playing on the fire, however, brought it under control.

Fiescher was the only support of a widowed mother.

AUTO CAPSIZES MANY ARE HURT

San Francisco Official Is Among Party Hurt to Pavement.

SAN JOSE, Aug. 12.—M. J. Hynes, public administrator of San Francisco, and four other persons, two of them women, sustained injuries late at noon yesterday, when an automobile, in which they were riding, overturned at Race street and the Alameda. The injured:

M. J. Hynes, public administrator, 550 Page street, San Francisco; left arm dislocated and broken at elbow.

Mrs. John D. Hynes, his sister-in-law; bruises and contusions; back severely wrenched.

Eugene Lewald, coal dealer, 2948 Washington street, San Francisco; contusions on right arm and side.

Mrs. Eugene Lewald; contusions on head and arms.

Emil Kern, chauffeur, business street.

The accident was caused by the simultaneous bursting of two tires. Following the explosive report of the tires, the machine appeared to halt a moment and then plunged forward. It skidded and ended up by overturning, throwing its occupants to the pavement. Passing motorists carried the injured to the Golden West Hotel, where they were attended to by Dr. J. C. Blair.

The Lewalds are well known in San Francisco. Mrs. Eugene Lewald is the sister of the late Eugene Lewald, a prominent coal merchant and president of the Entre Nous Club, the dances and assemblies of which are a feature of the social life of the bay city.

Admission Day, Occupying N. S. Elaborating Plans for the Event

MISS A. G. CONNOR AND MRS. E. C. WRIGHT, NATIVE DAUGHTERS, MEMBERS OF THEATER PARTIES COMMITTEE.

Three grizzly bears will march in the parade. They will be accompanied by a band of the Oakland Admission Day celebration. The committee in charge some time ago caused for bears three have been offered. All are declared tame and used to marching.

Elaborate plans are daily being worked out by the committees in charge of the big celebration, which will be participated in by Native Sons from all parts of the state. A huge delegation from Los Angeles will visit this city, and every parlor in the state is expected to send a committee. Many parlor are planning active parts in the celebration. Livermore

COSTLY PAGEANT WILL BE SEEN

Ringling Shows to Produce One of Greatest Parades in History.

The longest and most costly parade ever seen with a circus will pass through the streets of this city on Friday, August 12. Ringling Brothers will present it. It is their latest effort and will be a big surprise. It cost the owners of the world's best show \$1,000,000 to build it.

Among its strange features is a team of camels hitched to an immense tableau wagon. This team is handled by one driver. There are also teams of elephants, llamas, deer and zebras. There are six of these latter animals hitched to an Oriental throne car, in which rides an Indian potentate with his retinue. Zebras are supposed to be unbreakable. There is a team of camels which the circus says is the only one of its kind.

Nearly 1300 men, women and children in the parade. They have been gathered

from the remotest savage lands. The characteristic music of these many peoples is presented by great brass bands, quaint pipers, Scottish bagpipe companies, cathedral bells, eleven pipes, pipe organs, castanet bands, reed and string musicians, tom-tom players, barbarian orchestras, caltrops and drums, fire and bugle corps.

MANY HORSES

Over 600 horses of the finest breeds will be seen. There will be displayed more

The Ringlings are generous in the display of their wild animals. A bigger menagerie than any other show owns will be exhibited in open dens and cages. The parade is over three miles in length.

The equipment of this pageant was built last winter in the former war ships of the show on Stoke-on-Trent, England. It was designed by the best artists of France and Italy. The costumes are made from the finest broadcloths and silks. The scarves, banners, flags and banners are expensive Japanese works of art. The wagons, floats and various other vehicles were made from the best woods. They are hand carved and burnished with pure gold leaf.

One portion of the spectacle tells a wonderful story to the children. All the characters from fairy tales and the lore of infancy are portrayed by professional pantomimists. A great floating ball of spun glass in which rides the queen of fairies leads this section. "After it come the Arabian Nights, depicting scenes from the Arabian Nights, depicting scenes from the shoe of Mother Goose fame, a variety of Utopian's submarine palace, Aladdin's palace of enchantment and a hundred other pictures which all children understand.

HISTORIC RELICS.

For the older minds there are more serious subjects to admire. There is the royal chariot of the Queen of Sheba, the Iron Horse of Troy, the fleet of Christopher Columbus in 1492, and groups of Salazar, Australia, Australian boomerangs, a section of Chinese pagodas during a wedding in high life, reproductions of the water spectacles displayed at the Venetian carnival and troupes of the military notables of the world's nations.

One immense section of the parade is given to the people who are presenting the great spectacle of "Joan of Arc," that precedes each performance in the main tent. The ballet of three hundred dancing girls ride on handsome white horses, and two hundred Roman soldiers follow in chariots and on war steeds. Joan of Arc sits on a beautiful wagon drawn by twelve Arabian horses.

JOHN SHEEHY, EARLY DAY MINER, IS DEAD

SAN FRANCISCO, Aug. 12.—John Sheehy, one of the early settlers of California, died at his home in San Rafael at the age of 78 years, after an illness of six months. Up to the time of his illness Sheehy was president of the board of trustees in San Rafael and was a factor in the building up of the town.

Sheehy arrived in California in 1862 and later went to Virginia City, Nev., where he engaged in mining. While in Nevada he was for a short time associated with Senator George Hearst, who was at that time one of the biggest mining men in the state, and later founder of the San Francisco Examiner. Sheehy accumulated a fortune amounting to several hundred thousand dollars, but lost much of it recently through speculations.

Sheehy was a native of County Kerry, Ireland. He leaves a widow, Winifred Sheehy, and five children, Helen G., Margaret W., John J., T. Parnell and Leonard C. Sheehy. His estate is valued at \$250,000. It is all in San Francisco real estate.

NEWSPAPER PUBLISHER DENIES BARR CHARGE

CHICAGO, Aug. 12.—The Butts legislative committee investigating the \$1,000,000 voting machine deal in Cook county will resume its hearing here tomorrow when James Keeley, general manager of the Chicago Tribune, will testify.

Keeley was named in an affidavit by Edward J. Barrett, having demanded \$50,000 of H. W. Barr, agent for the Empire Voting Machine company, for not opposing the company's sale.

Andrew M. Lawrence, publisher of Hearst's Chicago Examiner, named in an affidavit by Lloyd L. Duke of Ottumwa, Ia., as having been allotted money for favoring the sale of the company's machines, has mailed an affidavit to the committee from San Francisco.

Lawrence's affidavit made a complete denial of all the charges in the Duke statement and said he had never met Barr.

THIRTEEN CONVICTS ARE PAROLED FROM FOLSOM

SACRAMENTO, Aug. 12.—Thirteen of the 76 convict applications were granted paroles from Folsom Prison by the Board of Prison Directors. Of the 76 cases 58 were postponed until next month, because the applicants were "second timers."

Of the 18 cases heard, 1 was denied and 8 were postponed for six months for further consideration.

Eleven of the 13 paroles granted take effect on the 15th of this month.

MURDER OF MISSIONARY IN TURKEY CONFIRMED

CONFIRMED AUG. 12.—A dispatch received by the government yesterday confirms the murder last week of the Rev. Charles H. Holbrook, a missionary, at Southeish, Asiatic Turkey.

The report said Mr. Holbrook had been shot by an unknown man while resting in a garden. The murderer escaped, but the authorities arrested several persons who are believed to have been connected with the case.

Mr. Holbrook was connected with the American board of commissioners for foreign missions.

HAPPINESS

By LILLIAN RUSSELL

(Copyright, 1913, by Lillian Russell.)

OF COURSE, we all know that the first condition of happiness is perfect health, for health makes each one who possesses the gift to be perfectly normal; and the perfectly normal person cannot be unhappy or unreasonable.

When you see a miserable creature, sad and wretched, out of tune with the universe, unable to join in the great anthem of praise to our creator, you may be sure that person is sick in mind and body.

Much happiness depends upon sound health. But the real essence of happiness and beauty is the inner satisfaction one feels with one's own work.

Some people possess that faculty unconsciously; they have such an appreciation of everything in this world that they see only the best.

It may be just a little news-boy one meets, but such a remark as "Little man, you will be a great business man some day."

With just enough satisfaction in his heart to make him ambitious and happy.

And to some young girl who is absolutely unconscious of herself, the remark that "if she keeps herself always as pure and natural as she is today she will grow lovelier year by year," will fill her with an appreciation of the value of the naturalness and loveliness which she is told that she possesses. She will find happiness in that sensation of satisfaction.

Then there is the real happiness which is more divine than all else in this world, the happiness to be found in doing good for others, relieving suffering.

No thanks is necessary, not even a word. Just to know deep down in your heart that you have been the mediator between God and his little ones sends a joy to the heart which diffuses beauty through the entire system and the beauty of living and living right.

If these women and men who live for themselves alone, who have no time to learn the sorrows of the less fortunate ones, who would not be annoyed with other people's troubles, would get out into the world and be an uplift to some one or something, they would not have those desperate battles with themselves when alone with their own conscience. They would wonder as they do, "What life is all for?"

It is within the power of each and every soul on this earth to give happiness to some of God's people. And there is more real happiness to be found in making others happy than in all the gifts of Solomon.

Remember. Be generous with kind words; they cost nothing, but are worth more than gold.

Price Is Set on Her Head

LADY CONSTANCE STEWART RICHARDSON IN HER SIMPLE LIFE COSTUME, READY FOR HER JOURNEY.

Vengeance of Mexican Police Foiled
When She Flees

SAN FRANCISCO, Aug. 18.—Fleeing from the vengeance of the soldiers and police of Guatemala and compelled to resort to numerous disguises and remain in hiding, Mrs. Parde A. de Mathew, upon whose head a price has existed for six months, has eluded the vigilance of her enemies. She arrived here from Central America on the steamship San Juan yesterday.

Six months ago Mrs. Mathew lived in Guatemala City with her husband, who conducted a fashionable photograph studio. All went well until a young woman who happened to be a friend of President Caceres posed for a photograph. Mathew made some remark at which she took offense.

The next morning at 3 o'clock Mathew was awakened by a pounding upon the door and soon after a number of soldiers and a young man who had accompanied the woman in the case entered the house and seized the head of the family and bore away toward the outskirts of the city in a carriage.

The young man who was left in the coach as a guard was intoxicated and went to sleep after explaining to the woman that she was to remain in hiding until he managed to board a steamer and sail for San Francisco.

When the soldiers and their leader learned of the escape they returned to the Mathew home and studio and proceeded to demolish the entire place, after which they seized Mrs. Mathew and bore her away. An infant had been carried away into safety by the servants and Mrs. Raguai A. Moreno, sister of Mrs. Mathew.

Again the captives were intoxicated and their prisoner escaped, although the price on her head was \$500. The captain of the army had been instructed to effect their capture.

The two sisters and the baby then went into hiding, and with the assistance of friends and numerous disguises managed to escape discovery.

Making their way to the sea, they chartered a small sailing vessel and waited for the San Juan, boarding the vessel out at sea. The husband was waiting at the wharf and a joyous reunion resulted. The Mathews will make this city their home.

TITLED DANCER HERE—FOR A SALARY

LONDON, Aug. 18.—Lady Constance Stewart-Richardson, who has recently been earning the princely salary of \$5000 a week as a dancer in America, has come home to lead the simple life with her husband. She set out from the Savoy Hotel last week to tour the country in an up-to-date caravan, and throughout her wanderings is determined to live up to the title of "Sweet Simplicitas." Her original dancing and piquant personality drew enormous audiences in New York and the States. In Vienna, which she included in her extensive tour, she created as great a furore in the limelight as in the drawing-rooms of the elite, who received her, we are told, with open arms. Lady Constance is announced to appear shortly at the London Hippodrome. She has already danced before London audiences at the Palace Theatre, where she created a great sensation. She is the only sister of the Countess of Carmarthen.

WIFE HEWS BIER FOR SLAIN MINER

PORTLAND, OR., Aug. 18.—"We ought to make it just as easy as possible for a man to get a home and just as hard as possible for a speculator to get hold of the public lands and hold up the man who wants to get a home," declared Secretary of the Interior Franklin K. Lane at an informal reception given in his honor at a local hotel today. "This idea," he declared, "is the basis of the present National Administration."

Secretary Lane arrived in Portland this morning and left late this afternoon on a trip of inspection to the Deschutes irrigation project in Eastern Oregon. He rested at his hotel this morning, held a brief house reception, and gave audience to a few settlers on Oregon irrigation projects who urged their claims to government consideration.

Secretary Lane is spending all day in the Deschutes district, returning to Portland in time for a banquet to be given in the evening.

mountain trails 32 miles to North Fork, where help was obtained. The plucky woman was 24 hours making the lonely journey, arriving here last evening with the body on the way to the old homestead at Irvington.

COUNTESS IS FOUND DEAD ON TRAIN

ST. PETERSBURG, Aug. 18.—The Countess Tarnowska, who in 1910 was convicted in Venice of complicity in the murder of Count Kamarsky and sentenced to eight years' imprisonment, was found dead on a St. Petersburg-Kiev express train yesterday. She had been languishing.

The police are investigating to determine whether it is a case of suicide or murder. The countess was pardoned last year.

Maria Tarnowska was charged and found guilty of having persuaded a feckless youth, Nicholas Naumoff, to go to Venice from Vienna and kill Count Kamarsky, her fiancé, in order that she might obtain \$100,000 life insurance.

"CATTLE QUEEN" FREED; TOWN IS HAPPY

STEAMBOAT SPRINGS, Colo., Aug. 18.—Anna Bernard, known in Colorado as the "Cattle Queen," was acquitted by a jury of the charge of cattle stealing.

Immediately after the verdict "Queen Anna" and her friends held all the moving picture theaters in the town for the night, and all the business houses and saloons were closed, in order that the people might celebrate her acquittal.

Bonfires were built and men, women and children marched through the streets shouting and singing. It is reported that her husband, H. H. Bernard, will withdraw his action for divorce, filed as a result of the charge of cattle stealing.

WOMEN COMPLETE LONG WALKING TOUR

SAN FRANCISCO, Aug. 18.—Miss Frances Leach and Miss Mary Coyne, both of Denver, were the center of much interest yesterday at the ocean beach, following their entry into San Francisco after completing the last lap of a 1000-mile "bike" which they began several weeks ago at the Colorado capital.

The two young women claim the distinction of being the swiftest women walkers in the world, having walked 72 miles in a single day. This feat they accomplished while crossing a desert in Idaho. The day's walk was a forced one because of lack of water in their canteens.

During the entire trip from Denver they walked for the most part alone. In Denver Idaho they were joined by Burt Adams, a cousin of Miss Leach, and who accompanied them to this city.

The girls cooked their own food in camps and sometimes provided their meat by shooting such small game as they found. Miss Coyne is a crack shot with a revolver, and yesterday at the beach was advised when she hit small targets which were thrown into the surf. The girls plan to return to their homes in Denver this week.

WOMEN ATTEMPT TO MAKE LONG SWIM

SAN FRANCISCO, Aug. 18.—After a grueling 20-minute struggle in the steepest, roughest undertow and treacherous cross currents, which continually swept at the base of Seal Rocks, two plucky young women endeavored to swim across the bay. They were among the best swimmers in the city, failed in their daring attempt to swim across the bay, and, perhaps, have perished but for the timely succor given them by United States life guards.

Completely exhausted by her unsuccessful encounter with old Pacific Miss Doolie Meyer collapsed when drawn into the life-saving boat. Her companion, Mrs. Myrtle Wright, gamely continued her apparently hopeless battle with the tide a few moments longer, but soon realized that she was unable to swim and accepted the help of the watchful guards.

TWO eventful weddings are to take place this week in east bay society. Tomorrow evening St. Paul's Church will be the setting for the nuptials of Miss Etha Musser, who will plight her troth to Moylan C. Fox Jr. The wedding will be a large affair, with several hundred guests present for the ceremony. A reception will follow at the residence of the bride.

The second wedding of interest to the younger set is that of Miss Irene Patricia O'Connor, who will become the bride of Tyler Henshaw, Saturday evening, at the O'Connor residence, in Harrison boulevard. Mrs. Beverly Wilkes, formerly Alice Earl, will be matron of honor and the only bridal attendant. The wedding decorations will be in delicate shades of pink, and it will be one of the prettiest affairs of the season. Only immediate relatives will be present for the wedding ceremony.

TO ENTER UNIVERSITY. Miss Louise Bonner, the daughter of Charles G. Bonner, a Fresno capitalist, who formerly resided in Berkeley, has returned to that city to enter the University of California. Among others who will attend the college this fall are Miss Anne Lee Hopkins and Miss Sue Love.

QUIET WEDDING. The secret has leaked out that a very quiet wedding was solemnized August 5, in the Episcopal City, the contracting parties being Mrs. Mary Wyman, the daughter of J. C. Sullenger of Napa valley, and Oscar C. Smith, who is the son of Charles C. Smith, a mining man of Alaska. The couple have gone to Havana, Cuba, on their honeymoon, and on their return will make Oakland their permanent home. The bride's family is one of the pioneer families, who came to California in the early fifties, and have resided in Napa county ever since.

WEEK-END VISITS. Mrs. Ruth Barlow, secretary of the Pasadena Tournament of Roses Association, has been the house guest this week of Mr. and Mrs. Walter Farley of this city.

Among the many who are making week-end visits on the Russian River Heights is Clementine Brown, who has gone to that resort for a few days' vacation.

Miss Dorothy Tingman, who returned to California from a year's stay in New York City, is the guest of her aunt, Mrs. Dr. M. Knappe, where she will remain for several weeks before returning to her home in Berkeley.

Today for a two-week's visit to Sacramento and Vallejo. Judge Noble and wife of Pasadena have been the guests this week of W. W. White of Warwick avenue.

ENGAGEMENT ANNOUNCED. Miss Irene Lloyd and Miss Ida Lloyd entertained about 60 of their friends Saturday afternoon with Miss Hazel Gault as the guest of honor. Five hundred was the diversion of the afternoon. The prizes were won by Mrs. Jennings and Miss A. Anderson. With the opening of the prizes, a card announcing the engagement of the hostess, Miss Ida Lloyd to Gilbert Jones was found.

HOSTESS AT BRIDGE. About a score of the members of the younger set were present for an afternoon, at which Miss Helen Beckwith presided as hostess, in honor of Miss Irene Patricia O'Connor, one of the pretty brides of the week. Bridge was the diversion of the afternoon. Both Miss Beckwith and Miss O'Connor are graduates of the University of California and are sorority sisters.

AT SUMMER HOME. Mrs. Robert Hilliard Collins has spent the summer months at her estate in San Leandro, and has been a frequent hostess for her friends who are in town. Delightful motor trips have been the diversions during the season.

AT NAPA. Miss Marjorie Emmons of Alameda is at present the guest of Mrs. Naederick Johnson at the Johnson ranch in Napa valley, and will continue her stay for several days.

IN REHEARSAL. Members of the Claremont Club will begin rehearsals tomorrow for the play, "The Butterfly," which they are to present at the opening of the season next month. Reginald Travers, the director of the dramatic section, has the assigning of the various parts. He is assisted by Mrs. William F. Kett, the new chairman of the dramatic work. Dr. W. A. Atwood is the new president of the club and has already named the committees who will direct the activities of the coming season.

AT "WILDERNESS LODGE." Mrs. M. de L. Hadley and her daughter, Miss Doris C. Hadley, are spending the summer months at Wilderness Lodge in Mendocino county.

When His Best Girl Is Away

By LAURA JEAN LIBBEY.

Copyright, 1913, by Laura Jean Libbey.

WHEN his best girl goes away—summering the average young man is sure that he will not know what to do with himself during her absence. He goes to the train with her to see her off, assuring her that she need not be surprised if he is driven by his great loneliness to join her "ere the week is over." He expects a solemn promise from her that she will not forget him for any one whom she may meet while away. Furthermore, that she will write him every day at least one-half as much as when he is at home.

For the first three days or so he is inconsolable. He walks past her darkened home. At the end of the fourth day he begins to pull himself together, especially when his friends begin to ridicule him over his woe-begone expression. Just to forget he takes the train down to the nearest pleasure resort at hand. He does not expect to meet a soul who he knew; instead he encountered any number of friends with their sweethearts and their sisters. Every one seems to unite in making it pleasant for a lonely young fellow who seems to have no girl. Before he knows it he enters into the spirit of the crowd, and is surprised to find out that he really enjoys himself.

Of course the girls whom he has just met are very pleasant. By accepting their invitation to attend some affair which comes out later he does not stop to think that he would be untrue to his dearie. When his best girl fails to receive the advice that she is looking for who is sure that he is ill, and she cuts her vacation.

It is a very rare case, but I have known of a young man who, when his best girl was away, he was so lonely that he wrote her every day at least one-half as much as when he is at home.

OAKLAND PASTOR RESIGNS FROM PULPIT

Old Troubles Recalled by Announcement of Rev. F. L. Goodspeed.

Rev. Frank L. Goodspeed, pastor of the First Presbyterian church, caused a sensation in his church yesterday morning when he tendered his resignation from the pulpit, announcing that he desired to retire from his charge two months after completion of the new edifice now in course of construction at Twenty-fourth street and Broadway.

Some time ago when the directors of the First Presbyterian church were planning the new church building, the pastor and the congregation were in disagreement. The pastor was of the opinion that the church should be built on a site near the city center, while the congregation was of the opinion that it should be built on a site near the waterfront.

While rapid progress has been made on the construction of the new church building, it will not be ready for occupancy for many weeks. It is possible that the pastor's resignation will not go into effect for some time to come.

ALAMEDA TO FIGHT HALF-FARE VIOLATION

Conductor Arrested That Test Case May Be Made of New Ordinance.

ALAMEDA, Aug. 18.—If the arrest of Conductor E. K. Tichenor of the San Francisco-Oakland Terminal Railway, for violation of the new ordinance requiring that school children be carried for half fare, had been rehearsed for a motion picture drama, it could not have been carried out with greater smoothness.

Policeman Huff immediately placed the conductor in the station house. The conductor was arrested for violating the new ordinance requiring that school children be carried for half fare.

With the arrest of the conductor, the initial step for a legal test case of the ordinance was taken. The ordinance was passed recently and went into effect with the commencement of the new school term.

HURLS WIFE INTO THE OCEAN

Refusal to Return to Spouse Nearly Costs Life.

Bystander Rescues Woman; Police Seeking for Man.

SAN FRANCISCO, Aug. 18.—Because she refused to return to her husband, Mrs. H. Martin of 4633 Irving street was thrown into the ocean by Harry Martin, alias Edward Demara, a man well known to the police, according to her story, told to the captain of detectives.

She says that about midnight Martin came to her home and said he wanted to have a talk with her. The night was warm and balmy and he had her to accompany him on a stroll. She consented and the husband was nearby the couple walked there.
